Mid-Semester results

- ✓ 2545 credits in progress, current pass rate overall is 94%
- ✓ Of all the mid-semester marks given, 73% were at the "A" or "B" level
- ✓ the mark distribution for applied and open grade 9 and 10 courses was very good
- ✓ we are on target to meet school achievement goals

Safe Schools update

- see attached minutes of Safe Schools meeting April 14, 2014

Staffing and enrolment for 2014-15

- see attached chart of staffing and enrolment numbers for the past few years

Renovations

- science labs -- rooms 104 and 112 -- will be completely renovated this summer
- the work on the field will start at the end of June. The process will include the installation of an irrigation system, pulverizing of the existing field, laser and fine grading of the new field and hydroseeding. Fencing is already partially installed and will be completed when field conditions allow completion of the work. The field will be out of use for the summer and fall.
